

Mauritius Marathon 2027

Official Event Rules Participant Waiver and Consents

Sunday 4 July 2027 | Saint Félix Mauritius Organised by Outdoor Moris Xperience

This document sets out the official participation rules, eligibility requirements, safety conditions, waiver and consents for the Mauritius Marathon 2027. Registration constitutes acceptance of these provisions. Where a participant is under 18, the parent or legal guardian must complete or approve the registration and required consents.

1 Event overview

The Mauritius Marathon 2027 will take place on Sunday 4 July 2027. The event comprises a 5 km race, 10 km race, 21.1 km Half Marathon and the official 42.195 km Marathon. The courses follow the south coast of Mauritius, with final routes, starting points, schedules and race-pack arrangements communicated by Outdoor Moris Xperience before race day.

Race	Minimum age	Cut off	Classification
5 km	8 years	No specific cut off	Overall only
10 km	12 years	No specific cut off	Overall and age group
21.1 km Half Marathon	16 years	4 hours	Overall and age group
42.195 km Marathon	18 years	6 hours	Overall and age group

Age is determined on race day. There is no upper age limit.

2 Eligibility and age categories

Category	Age	5 km	10 km	21.1 km	42.195 km
Youth	12 to 17	—	Yes	—	—
Youth	16 to 17	—	—	Yes	—
Open	18 to 39	—	Yes	Yes	Yes
Masters 40	40 to 49	—	Yes	Yes	Yes
Masters 50	50 to 59	—	Yes	Yes	Yes
Masters 60 plus	60 and above	—	Yes	Yes	Yes

The 5 km has no age-group categories and will be ranked on an Overall or Scratch basis only. For every distance, the Top 3 Men and Top 3 Women Overall will be awarded. For the 10 km, 21.1 km and 42.195 km, separate Men's and Women's rankings will also apply within each eligible age category.

3 Registration and race numbers

- Registration is personal. Participants must provide complete, true and current information, including their date of birth and emergency contact details.
- A participant may take part only under the name and details recorded in the official registration system.
- Race numbers must be collected according to the published procedure. The Organiser may require photographic identification.
- The official race number must be worn visibly on the front and must not be folded, altered, duplicated or obscured.
- A race number may not be sold, exchanged or given to another person. Any authorised substitution must be completed through the official procedure before the published deadline, and the replacement participant must satisfy all eligibility requirements and accept this document.

4 Entry fees and non refund policy

All entry fees, platform charges and ancillary purchases are non-refundable in the event of withdrawal, non-participation, illness, injury, travel disruption, failure to collect the race pack, disqualification or a change of personal circumstances, regardless of the reason. Entries may not be deferred or transferred except through a procedure expressly authorised by the Organiser.

If the event is cancelled, postponed, shortened, rerouted or otherwise modified because of severe weather, cyclone, natural disaster, public-authority instruction, security concern, public-health requirement or another circumstance outside the Organiser's reasonable control, no refund is guaranteed. Outdoor Moris Xperience may, at its sole discretion and subject to costs already committed, offer an alternative arrangement, transfer or credit. Nothing in this clause overrides rights that cannot lawfully be excluded.

5 General participation rules

- Participants must follow the official course and all reasonable instructions issued by the Organiser, race officials, marshals, medical personnel, police and authorised event personnel.
- Course cutting, deliberate departure from the course, unauthorised transport, outside pacing or any other unfair assistance may result in disqualification.
- Participants must behave respectfully toward runners, volunteers, officials, residents and members of the public and must not endanger themselves or others.
- Littering outside designated areas is prohibited. Participants must respect the environment and the communities through which the event passes.
- Animals, bicycles, scooters, skates, skateboards, unauthorised vehicles and other equipment presenting a safety risk are prohibited on the active course unless expressly authorised for an official para or support arrangement.
- Headphones may be used only if the participant remains fully aware of traffic, other runners and official instructions. The Organiser may restrict or prohibit their use where necessary for safety or competition rules.

6 Health fitness and medical assistance

By entering, each participant confirms that they are physically capable of undertaking the chosen distance, have prepared appropriately and understand that endurance running involves strenuous physical effort and inherent risks. A participant who has any doubt about their health or fitness should obtain medical advice before taking part and must not start or continue when unwell or when symptoms make participation unsafe.

The Organiser and authorised medical personnel may prevent a participant from starting or continuing where they reasonably consider that participation presents a safety concern. The participant authorises reasonable first aid, emergency treatment, transport and hospital referral when required. Any medical, hospital, evacuation or

repatriation costs not covered by the event arrangements remain the participant's responsibility. International participants are strongly advised to obtain appropriate travel and medical insurance.

7 Course safety cut offs and race closure

The race takes place on roads that may remain open to traffic. Participants must therefore remain vigilant at all times, comply with the applicable road traffic laws and regulations of Mauritius, follow all road signs and obey the instructions of Police Officers, race officials and marshals.

Police Officers and race marshals will be positioned along the course to assist with traffic management and participant safety. However, their presence does not mean that the entire course is closed to vehicles or free from traffic.

Participants must remain on the designated route, use the side of the road indicated by the Organiser and cross roads or junctions only when instructed to do so. Any participant who fails to follow these safety instructions may be stopped or disqualified.

No specific cut-off applies to the 5 km or 10 km. The Half Marathon cut-off is 4 hours and the Marathon cut-off is 6 hours. Intermediate checkpoints may apply to the Half Marathon and Marathon. A participant who misses a cut-off may be instructed to stop, board official transport or leave the active course. After course closure, timing, traffic control, aid stations and medical coverage may no longer be available.

Aid-station locations and supplies will be confirmed in the participant guide. Each participant remains responsible for any additional hydration, nutrition, medication or personal supplies they require.

8 Timing results awards and protests

- Official results will be determined through the timing and race-administration systems selected by the Organiser.
- Participants must cross all required timing points. Missing or irregular timing data may lead to verification or disqualification.
- Overall awards will be based on the official ranking method published before the event. Age-group rankings may be based on net time where confirmed by the Organiser.
- Any protest must be submitted in writing to the Race Director within 30 minutes of the relevant provisional result being published. The decision of the Race Director or appointed jury will be final, subject to any mandatory federation procedure.
- The Organiser may correct results or disqualify a participant after the event where reliable evidence establishes a breach of these Rules.

9 Changes cancellation and force majeure

Safety takes priority over the published programme. Outdoor Moris Xperience may modify the course, start time, wave allocation, cut-offs, aid stations, race format or other operational arrangements where reasonably required by weather, road conditions, emergency response, public-authority instructions or circumstances outside its reasonable control. Such changes do not automatically create a right to reimbursement.

10 Participant waiver and acknowledgement of risk

I understand that participation in a road-running event involves physical exertion and risks including falls, collisions, musculoskeletal injury, heat illness, dehydration, adverse weather, road hazards, traffic-related incidents, medical emergencies, permanent disability and, in exceptional circumstances, death. I voluntarily choose to participate and accept the ordinary and inherent risks of the activity.

I confirm, to the best of my knowledge, that I am sufficiently fit, healthy and prepared for the distance entered. I agree to comply with these Rules and all reasonable safety and medical instructions.

To the fullest extent permitted by applicable law, I release Outdoor Moris Xperience, its directors, officers, employees, volunteers, officials, service providers, timing providers, sponsors, venue and land partners and public-authority partners from claims arising solely from the ordinary and inherent risks of my voluntary participation. Nothing in this waiver excludes or limits liability that cannot lawfully be excluded or limited.

I remain responsible for my personal belongings and for costs arising from medical treatment, transport, evacuation or repatriation that are not covered by the event arrangements.

11 Minors and parental consent

Every participant under 18 must be registered or expressly authorised by a parent or legal guardian. The parent or guardian confirms that the minor satisfies the minimum-age requirement, is sufficiently fit and prepared, understands the event rules and has permission to participate. The parent or guardian accepts the applicable waiver and authorises emergency medical assistance on the minor's behalf.

A participant aged 8 to 11 in the 5 km must remain under the supervision of a registered participating adult throughout the race. The accompanying adult must be identified during registration and is responsible for remaining with the child from start to finish.

12 Photography video and personal data

Photographs and video may be captured during the event. By accepting the relevant consent, the participant authorises Outdoor Moris Xperience and its appointed media partners to use event images or recordings in which the participant appears for event reporting, promotion, archival use, press materials, websites and social media without additional compensation. This does not permit misleading, defamatory or unlawful use.

Registration information may be processed for payment, administration, timing, results, safety, emergency contact, participant communications and other purposes necessary to deliver the event. Personal information must be handled in accordance with applicable data-protection law and the privacy notices of the Organiser and its registration and timing providers. Sponsor or third-party promotional communications require a separate optional opt-in.

13 Required registration confirmations

The registration platform should present the following confirmations as separate checkboxes:

- Required I have read and accept the Official Event Rules.
- Required I accept the Participant Waiver and Acknowledgement of Risk.
- Required I authorise emergency first aid and medical assistance when reasonably required.
- Required I have read the privacy notice and understand the processing necessary to administer the event.
- Required for minors I am the participant's parent or legal guardian and authorise the minor's participation.
- Separate consent I consent to event photography and video use as described above.
- Optional I agree to receive promotional communications from Outdoor Moris Xperience and selected partners.

14 Governing law and final authority

These Rules are governed by the laws of the Republic of Mauritius. The Race Director and Outdoor Moris Xperience have authority to interpret and apply these Rules, subject to applicable law and any mandatory requirements of the relevant athletics authorities. If any provision is held invalid or unenforceable, the remaining provisions will continue to apply.
